

### Military Survey

As required under the Every Student Succeeds Act (ESSA) each state report card must include information for students with a parent who is a member of the armed forces. Beginning in the 2017-2018 school year, districts are required to identify students whose parent(s) or legal guardian(s) fall with military related classifications. According to the U.S. Department of Education, “We want all military connected school children to have an equal and fair opportunity for academic success. This requires that those individuals who make up our nation’s educational system, our teachers, principals, school nurses, coaches, and counselors understand the unique situations the children of our service members experience”.
